

REPORT OF INVENTION TEMPLATE

The following is the information included and required to complete a Report of Invention at Johns Hopkins University. This document is **only** a template. **Please do not use this document to complete a Report of Invention.**

INVENTION INFORMATION

- Invention ID
- Title
- Submitted by
- Stage
- Type
- Updated Date
- Status

INVENTION DISCLOSURE

- Provide a detailed description of the technology and what it does.
 - o If necessary, upload any supporting information in the **DOCUMENTS** section.
- Have you previously disclosed or do you plan to disclose this invention to a third party?
- Provide the PI's name and primary department.
- If different than above, which inventor should be the main contact person for this invention?
- Was this invention or material developed within a specific JHU center or institute?
 - o If yes, provide the name.

BIOLOGICAL MATERIAL

- Does this invention include biological material?

SOFTWARE

- Does this disclosed technology contain any software?

SPONSORSHIP

- Was any form of sponsorship or funding used in the development of this technology?
 - o If "Yes", select the name of the funding institution and provide the grant or contract number in the Funding Section below.

FUNDING

- Grant / Contract Number
- Title
- Granted Date
- Funding Institution Investigator

COMMERCIALIZATION

- What problem does this invention solve? What product do you envision this Invention being developed into?
- What is the size of the unmet need?
- Is this a marginal or ground-breaking improvement to current technology? What makes this Invention unique vs other available products?
- What type of company might license this technology?
 - o Name any specific target companies
 - o i.e. Diagnostic, Therapeutic, Research tool, Medical device
- Who would be the end-user of a product using this invention?
- How much funding has been invested in the invention to-date?
- What is the current stage of development and what further work is required, if any, to make this technology a candidate for commercialization or corporate partnership?
